eCommerce Architect

Location: Warsaw, Poland

Role Purpose:

The e-commerce architect responsibilities include designing and implementing the e-commerce application projects. The e-commerce architect is a person who leads and develops the prototype e-commerce applications. They generally carry out a detailed study of the client requirements and carry out all the essential requirements for the same. He or she is responsible for undertaking a detailed research of the client requirements along with considering the user requirements. The e-commerce architect then plans and designs the e-commerce application according to the researches made and sees to it that the application satisfies the client requirements.

Scope of Responsibilities:

- ◆ Make use of new technologies to maximize the performance of the respective e-commerce application
- ◆ e-Commerce architects monitor the problem solving initiatives and resolves any complex issues
- ◆ Responsible for providing technical leadership throughout the project life-cycle
- ◆ Provide guidance in designing, user interface, technology integration, and interfacing with the client technology and management teams
- ◆ The e-commerce architects also actively work with the accounts team to establish a strategy for the e-commerce application accounts

Skills & Experience required:

Essential

- ◆ Keeping up to date with Shopify's latest features.
- ◆ Contacting Shopify's dev support to resolve solution design issues
- ◆ Assessing vendors like PVS/Modus Link in terms of their tech stack and capabilities.
- ◆ Monitoring and technical analysis of addons used in our Shopify shops (including pointing out potential security issues).
- ◆ Reviewing code delivered by vendors (Shopify private apps or supporting solutions)..
- ◆ Interviews with potential Shopify developers.
- ◆ Work on integration with other systems (e.g. Salsify), design and cooperation with the ICC team
- ◆ Educating the business about the platform features that could help us get additional revenue.

Technical / Professional Qualifications:

Essential

- ◆ 3+ years experience in development of ecommerce platforms
- ◆ 1+ year experience with Shopify Experience with web development
- ◆ Experience of mentoring junior team members
- ◆ Exemplary communication skills (both written and oral) and presentation skills
- ◆ Strong organizational skills

Personal Attributes:

- ♥ Self-organized
- ♥ Communicative

Offer:

- ♥ Challenging and innovative global projects.
- ♥ Fresh fruits every day.
- ♥ Flexible work hours.
- ♥ Competitive salary.

Interested candidates should send their resume (CV) to konrad.witek@itpuzzle.com.pl with „eCommerce Architect ” in the subject line.
