

We are a technology recruitment partner focused on search and selection of IT experts internationally. Currently, we are looking for an accomplished experts for the role of Cloud Native Engineer. We offer a rewarding and exciting professional experience and opportunity to develop your career in a highly competitive international environment.

Cloud Native Engineer

Location: Lodz, Poland

Responsibilities / Accountabilities:

As a Cloud Native Engineer, you will help deliver solutions for divisions going through a technological as well as organisational transformation. Working in a small, you'll guide our development groups through creating and automating their cloud infrastructure. We are a multi-cloud company, meaning that you will get to apply a diverse mix of tools and services. You will implement best practice and help each of the teams build upon the solutions that you have developed with other groups. As we are globally distributed, you will be required to travel as part of the job on occasion.

Professional Qualifications/ Experience:

You should be well versed and have good practical experience in the following topics:

- ◆ Best practices and patterns in software development
- ◆ Best practices and patterns in cloud native transformation and migration
- ◆ CI/CD both the principles and the experience of setting up a pipeline
- ◆ Feature flags, Blue/Green, Canary and Ring release strategies and tools
- ◆ Cloud Native tools and their applicability across different Cloud providers
- ◆ Containerisation across different platforms, operating systems and CPU types
- ◆ Kubernetes and Kubernetes Operators
- ◆ Observability and how it is used to manage MTTR

You should have a good understanding of the following topics:

- ◆ Private and Public Clouds
- ◆ Cloud provider offerings
- ◆ Micro-service architectures

It would be good if you had some exposure to the following topics:

- ◆ Monetisation of SaaS platforms
- ◆ Site Reliability Engineering
- ◆ Service Meshes
- ◆ Managing Hybrid and Multi-Cloud environments
- ◆ Global Cloud Optimisation

Offer:

- ◆ Stable contract of employment
- ◆ Possibility of remote work
- ◆ Sports package and private health care
- ◆ Group life insurance
- ◆ Good working atmosphere
- ◆ Working in international environment

Interested candidates should send their resume (CV) to magdalena.wielgos@itpuzzle.com.pl with " **Cloud Native Engineer**" in the subject line.
