

We are a technology recruitment partner focused on search and selection of IT experts internationally. Currently, we are looking for an accomplished expert for the role of Principal JavaScript Developer. We offer a rewarding and exciting professional experience and opportunity to develop your career in a highly competitive international environment.

Principal JavaScript Developer

Location: Lodz, Poland

Job Description:

We create powerful and intuitive server, web and mobile products for collecting, analysing, rendering and delivering geospatial data.

As a member of a team you will have an opportunity to use your expertise in engineering and UX design to architect, develop and deliver client apps (web and mobile) for customers all over the world, by writing high-quality code.

Responsibilities / Accountabilities:

- Development of responsive UIs by writing high-quality, clean code
- Development of unit tests
- Actively participate as a Scrum Team member
- Share knowledge and interact with other teams (development, QA, support)
- Contributing to constant process improvement

Professional Qualifications/ Experience:

- Experience in software development 7+ years
- Knowledge of object-oriented programming principles
- Knowledge of design patterns
- Experience in working with distributed version control systems (Mercurial, Git)
- Fluent communication in English

Personal Skills

- Eagerness to learn new skills
- Communicative team players, yet self-sufficient
- Problem solving and focused on code quality mindset

Added Value

- Experience with TypeScript, CoffeeScript, grunt, knockout, bootstrap, ExtJS
- Experience with Apache Cordova
- Experience with back-end programming (C#/.NET/C++)
- Experience in Agile development (SCRUM)
- Knowledge of GIS topics

Offer:

- Stable contract of employment
- Possibility of remote work
- Sports package and private health care
- Group life insurance
- Good working atmosphere
- Working in international environment

Interested candidates should send their resume (CV) to magdalena.wielgos@itpuzzle.com.pl with " **Principal JavaScript Developer**" in the subject line.
