Middleware Platform Developer

Location: Krakow/remote

Role Purpose:

Seasoned Platform developer to design, implement, and admin technologies, systems and tools in order to advance and improve Containers-based Delivery Platform for Development teams. This is a senior and multi-role position requiring both system and user facing skills.

Scope of Responsibilities:

- Implement, maintain and improve cross-cutting technologies, platform tool chain, integration processes, and their adoption by Dev teams
- Adopt and promote automation and self-service philosophy within the IT Development organization
- Perform proof-of-concept work for new tools and components
- Provide on-boarding support to Dev teams (.net and java environment)
- Prioritize across various tasks, manage changes in daily workload
- Concisely document policies, guidelines and instructions in Confluence

Skills & Experience required:

- Proven history (3+ years) of implementation, configuration, and support of a modern Development platform tool chain
- Experience with Kubernetes or Helm or Docker
- Development experience with Python
- Working knowledge of Linux environment
- Good communication and interpersonal skills. Forward thinking, self-starter, able to work independently
- Willingness to learn and adopt to new technologies

Nice to have:
- Knowledge of other parts of the Kubernetes Ecosystem (e.g. Service Mesh, Ingress, Secrets management)
- Exposure to MS SQL Server or similar SQL RDBMS
- Exposure with Cloud Providers (preferably Azure)
- Exposure to Messaging Technologies (e.g. Kafka, Active MQ)

Offer:

- Work in a startup-like environment that encourages ideas and creativity
- A team of experienced developers helping each other improve their skills
- Ability to choose the equipment you work with
- Standing desk and ergonomic chair
- Spacious and cozy office space in the heart of old Kraków
- Flexible working hours and the possibility to work remotely
- Competitive benefits package, including health care and gym pass (Multisport)
- Kitchen full of coffee, tea, snacks, and fresh fruit
- Salary in line with the market
- Co-working, mentoring and personal development
